EXPERIENCE

AppNeta

Senior UI/UX Designer, October 2015 – Present

Shaped the infrastructure for best practices and processes between UI/UX, product, and development teams.

Assisted effort to expand the design team within AppNeta.

UI/UX Designer, August 2014 – October 2015

Acted as a champion for users, ensuring that new features aligned with resolving key user pains.

Prototyped interactive mockups to user test with customers and confirm that UI was intuitive & well received.

Fully integrated into agile scrum team of developers to remain transparent, easily accessible, and to sync as needed.

ORSYP Software

UX Designer, August 2013 – August 2014

Responsible for the UI/UX on an agile team of developers and product manager, including workflow diagrams, high fidelity mockups, and analysis of internal usability tests.

Created seamless data visualizations of real-time business and IT metrics, for the consumption of high level executives.

Brafton

Graphic Designer, January 2013 – August 2013

Worked 1 on 1 with clients of multiple backgrounds (technology, healthcare, advertising, small business, etc.) to design, research, and write copy for various infographics and printed materials.
